and Sage Christmas Bake Off Years
1-9

Tuesday 22nd-
Raffle money due Christmas Market
& Christmas/ New Years Eve Dance

Wednesday 23rd-
Whole School Assembly and Live
Pantomime Screening Year 4-9

Message from our School Head:

Dear Sage College families and students,

In this time of celebration, I would like to acknowledge the work and effort of everyone to have reached the end of this term with the happiness and good attitude that we see at school these days. Special recognition to the families, for your continued support and to the children, the main protagonists of our project. If I had to choose one aspect for which we have stood out this term, it is EFFORT. We have learned to strive to implement a new reality with all the rules and changes that this has entailed to guarantee the health of our colleagues and friends. That is why this will serve as a life experience that we will never forget and it will help us to be better as individuals and as a school. Thank you all for caring for each other by showing the values that Sage College represents.

Mr Wickham

EARLY YEARS NEWS

PRENURSERY

During this week, the “Little ducklings” continued to enjoy Christmas activities. They painted their hands and feet to make Christmas decorations. They also enjoyed rehearsing their song for the “Christmas show” and they made and hung their Christmas stockings by the chimney. Santa will be on his way soon so the Little Ducklings prepared their letters to send to him.

NURSERY

This week the Friendly Frogs have been creating Christmas decorations. They coloured and stuck pieces of paper and stickers on presents and then they put them underneath the Class Christmas Tree.

RECEPTION

The Busy Bees have been designing and decorating their own Christmas card. They made patterns with the glue and then observed how the glitter stuck to the glue making amazing colourful patterns on their Christmas tree.

BRIGHT

PRIMARY NEWS

WE ARE WRITERS

LITERARY CONTEST

KS2 students have let their imaginations run wild and created fantastic Christmas stories. The theme of the stories has been Christmas, promoting positive values and attitudes. The process requires great mental activity and effort. To do this, they have made a mind map to organise their ideas, then they wrote their draft and finally their good copy.

Extra! Extra! SAGEWARTS NEWS

The Year 6 pupils have produced a four-page newspaper about the latest events that have taken place at Sagewarts, in it you can read all kinds of news from events "Stolen a prohibited animal from Hogwarts", current news "Mcgonagall creates a tournament for the cure of COVID-19" and even news from the culture section "Opening of the Harry Potter Museum".

LIGHTS, CAMERA, ACTION!

This was a big week for the performing arts department, when all the hard work throughout the term is collated into the final show!

It was a unique experience for Ms Westwood, working with 'bubble' groups and navigating around COVID measures, but we can not be happier with the final product and recording of the Snow Queen. Well done to all our budding stage stars in Primary. We are very excited to share the video with you shortly!

We would like to make a special mention and give thanks to everyone involved in the production of the Snow Queen:

Ms Westwood- For directing and being the creative vision.

Ms Richardson- For being the music technician on the day and for her set design work

Ms Richardson's Art Club- For wonderful set design

Mr Wickham- For technical and camera support

Parent Ambassadors- For set and prop preparation.

Christmas Crafts

Primary children have been as busy as the elves in Santa's workshop this week, with their Christmas crafts. Every year, Sage Primary hosts a Christmas market, where they make and sell a variety of Christmas themed handmade crafts to raise money for charity. This year, whilst we are unable to invite outside guests to the market, it has not dampened our Christmas spirit and we will still be making and selling our crafts on Tuesday 22nd with an internal Christmas market.

MIDDLE SCHOOL NEWS

The festive season is galloping along full of joy and merriness.

SANTA'S YEAR 7 ELVES HAVE BEEN PREPARING SOME DELIGHTS AT SAGE COLLEGE.

YEAR 9 PRACTICING THEIR GREAT FESTIVE DANCE

YEAR 10 PRACTICING FOR THE FOOTBALL TOURNAMENT NEXT WEEK. THE VARIOUS YEAR GROUP WILL BE HAVING A SERIES OF FRIENDLY MATCHES NEXT WEEK.

HARRY PETER FROM RAVENCLAW YEAR 9 DID INCREDIBLE MAGIC TRICKS FOR YEAR 7 STUDENTS AT SAGEWARTS.

HIGH SCHOOL NEWS

We have almost reached the end of the term. The most important thing is that (and we hope so) everyone is well. We feel really proud of how each of our students have faced the current situation and of how each family has helped them and supported us during this hard process. We have enjoyed unique moments, but also, some that were not so good. However, something is clear: everyone has tried their best, and we want to congratulate every single member of the Sage High School community for this reason. For sure, we will continue enjoying during the next term and working together to help our students to reach their full potential and reach their future dreams.

Merry Christmas and Happy New Year!

by Mr Soto

CHRISTMAS IS COMING...

Two weeks ago, we shared the organisation of the Christmas events. Today, we had the recording of the Christmas song and Christmas debate in High School. Moreover, during the next week, our students will participate in the New Year's party and in the Christmas Market. Moreover, they are preparing a surprise for their families.

MOCK EXAMS

One month ago, we shared the external exam guide. Our students will have their MOCK exams in January for those subjects that will take externally in June. It is really important that they organise their time properly, use study skills and past papers questions to revise, and study hard. But the organisation is a key factor, so that they also have time to do sports and relax. All this will help them to get good grades, and of course, their teachers are more than happy to help them at any time they need it.

STUDENTS AWARDS

High School students received awards for outstanding achievement in some of their Language and other subjects. These are for students who have consistently performed outside of the box or have improved in these subjects. One the Key Agreements is to Always Try your Best.

SCHOOL NUTRITIONIST

Find some tips from Gloria Contreras, our school nutritionist, for a healthier Christmas holidays.

MEET OUR STAFF

THIS WEEK...

Mr Ambrose

ABOUT ME...

Hi everyone, I'm Mark Ambrose and I teach KS3 & KS4 Science, I'm also the Year 10 tutor at Sage College. I was born in the North West of England near Liverpool, however I started teaching in 2012 in the Midlands after finishing my BSc in Chemistry at the University of Leicester. A few years later I moved to Bristol for 2 years before moving my life to Andalucia in 2019. I believe in developing students as a whole individual, not just developing their academic ability. I once had a great teacher in my school life that changed everything for me; now I seek to be that person for other students throughout my teaching career.

HOBBIES AND PASSIONS...

I played table tennis in a lot of my spare time when I was younger, travelling to tournaments and training with the GB squad, however these days I enjoy being surrounded by family and friends accompanied by good food. I love to watch sports; in particular boxing, football and tennis. If I have time on my hands I love to cook, nothing beats stress like a good cooking session!
