

**SAGE COLLEGE – POLICIES AND PROCEDURES**

SCHOLARSHIP PROGRAM

At Sage College we celebrate academic, athletic or artistic success. That is why we have a scholarship program for students who have demonstrated extraordinary worth by offering them the option of pursuing their international studies at Sage College partially or fully subsidized.

Details

1. Scholarships are funded by annual funds from Sage College, as the school does not have a sustainable scholarship fund and does not enjoy grants. That is why each scholarship will have an annual review.
2. The deadline to receive applications by email to the school's office (sec@sagecollege.eu) is March 5 and incomplete applications or applications received after this date will not be accepted.
3. Each application is evaluated by the Scholarship Committee and then a recommendation is made to the school Head who makes the final decision on the candidate. The decision will be communicated to the candidates before April 30.
4. Once a scholarship is approved, the families of the candidates will receive information on the amount of the scholarship, the duration and any additional conditions.
5. Failure to disclose requested information to Sage College or change in circumstances could result in immediate cancellation of a scholarship.
6. Due to Sage College's limited financial resources, not all eligible scholarship applications will be successful.
7. All requests are treated in the strictest confidence.
8. Scholarship applications must be submitted in person at the reception of Sage College or sent to: sec@sagecollege.eu
