## Outings at Sage are back!!

What a joy it has been to see some of the Sage groups taking part in the first outings and trips of the year. Despite the fact that time has put us on the limit until the last moment, we happily dismissed buses full of excited children on their route to the Jerez Zoo and Los Toruños, in El Puerto de Santa María. Here you will see some Year 1 and Year 2 photos having a great time, and below in another article of this newsletter, our Year 5 and Year 6 outings.

# -EARLY YEARS NEWS-

## Little Duckings

This week The *little ducklings* have continued to learn about 'Jungle Animals'. In Maths we developed our knowledge of colour and 2D shapes by creating our own colourful jungle snakes. We also had a very colourful jungle visitor, Trevor the Chameleon.

## Friendly Frogs

The *Friendly Frogs* have been introducing their pets to their classmates and explained how they take care of them. We found a valuable opportunity to link their first-hand experiences to Maths and Art through Henri Matisse's 'The Goldfish' painting, designing their own collages.

## Busy Bees

This week the *Busy Bees* have been talking about animals that live in the savannah and jungle. They have been describing important features and learning new vocabulary. Then they painted their favourite animals.

# -PRIMARY NEWS-

## Pasapalabra!

In Year 4 we have been **working about definitions**, what they are and about how to write them. Also they have been practising all the words that they have been working along the year including verbs, synonyms, antonyms... They have created their *Pasapalabra game* and then they played with their friends and get point that they have been converted into Dojos. Well done, guys!

## JLT ASSEMBLY

On Wednesday afternoon our **Junior Leadership Team (JLT)** delivered a special assembly to the **primary children**. This was the first time they had all spoken in front of a large group and they spoke clearly, they were all confident and presented their news extremely well.

The JLT have a really exciting project to lead during the last few weeks of this school year. They will be **organising and hosting a 'Summer Fun Day'**. This day will be a fantastic enterprise opportunity for the JLT to raise some money to buy new playtime equipment for the primary school and for all of the Primary and Early Years children to have a fun day before the summer holidays.

More information will follow about the fun day soon - we are confident that the JLT will make it a day to remember.

## YEAR 5 AND 6 ESCAPE ON AN ADVENTURE TO LOS TORUÑOS

We have had such an **amazing excursion today**. For the first time in over a year, we have been able to get out in the fresh air together and the experience has been magical.

We had an orientation competition, but made even more exciting because we got to travel around the park on scooters.

Oh my goodness, **what fun we had!**

Then we were able to take part in many different activities including **archery, wall climbing, tight rope walking and many more fun games.**

# -PRIMARY NEWS-

**AWESOME!**

**YEAH!**

**COOL!**

After this we had our lovely picnic in the park and we're able to run and play (still keeping COVID protocols in place) in the playground and park area.

The children enjoyed their day so much and I'm sure they will all sleep well tonight, including us teachers!

What a great day was had by all.

# HIGH SCHOOL NEWS

## PHYSICAL EDUCATION AT HIGH SCHOOL

For our year 11 students, now more than ever it is important to remember **the positive impact exercise can have on our mental health as their IGCSE exams are fast approaching**. Recently they were set 2 challenges in PE; the first challenge was an individual competition where they had to do 1 complete lap around the lake we have near school. The fastest time was **Pablo Parada from 11R with 8 minutes 5 seconds**- congratulations to him! The second challenge was a group challenge, 11Z vs 11R. They had to complete a lap around the lake as a group, this time the most important aspect was encouraging each other to complete the challenge. The **winning group was 11Z with 19 minutes and 57 seconds**, congratulations 11Z!

## SAGERS *around the world!*

## INTERVIEW!

This week, we bring again one of the most awesome sections of our school: to know how our former students are doing at university. On this occasion, we introduce **Andrés Domecq** to you, who always showed a great commitment to improve. Thank you Andrés for your time and good luck. You have a great future in front of you.

Name: Andrés Domecq Domecq

When did you finish school? In June 2019

How long did you study at Sage College? I studied there for 2 years.

What and where do you study? I study International Business Management (food and agri-business) in the Royal Agricultural University.

What would you highlight about Sage College? Sage College gives you the opportunity to learn under an international atmosphere, using learning-by-doing and practical methods. Moreover, it helps you to constantly improve your English skills. All this is the perfect mixture to be well-prepared for the future and real life.

Why do you think that Sage College was helpful for you? Sage College helped me to put into practice all the theoretical knowledge learnt in class, which has been really useful to adapt to university life quickly.

What are your intentions for the coming years? To finish university next year and start to develop my career.

# TIPS FROM OUR SCHOOL PSYCHOLOGIST

## MEET OUR STAFF

THIS WEEK...

*Ms Benitez*

### ABOUT ME...

My name is Norin and I live in El Puerto de Santa María. I studied my degree in the University of Cádiz and after to got my degree I spent some time in London and Dublin. This is my sixth academic year at Sage. I started as mentor in Early Years and since last year I teach Spanish in Primary.

### HOBBIES AND PASSIONS...

In my free time I enjoy reading a good book, practicing some sport activity like padelsurf, scubadiving o snorkeling, yoga or dancing. If I have to choose a favorite place it would be somewhere by the sea.
