Water Sports Day 2022

Last Friday we enjoyed our annual inter house sports championship, but this time it was a very wet one!

Congratulations to Fire, who won the competition.

MESSAGE FROM OUR SCHOOL HEAD

Dear Sage College families,

Summer has definitely arrived to Jerez and Sage College. Not only because of the very high temperatures that we are all suffering these days but also to the end-of-year atmosphere in which the outings and trips after the final exams, the inter-house competitions, the musical performances and the graduations are taking place bringing laughter and relaxation after a year full of circumstances that, once again, has required the maximum from each one of us, students, teachers and families.

How important it is for our children and youngsters to take part in visits and camps where they enjoy the nature and the friendship with their classmates and teachers away from lessons and routines. What a great time we had at the School Sports Day which, due to the heat we had to turn into a "Water Sports Day". What a display of talent and hard work we saw from our students dancing and singing Grease musical songs in the musical performed by our students in the Sala Paul of Jerez.

Each and every one of the experiences we had at the end of the school year are a wonderful complement to the lessons and exams which enhance and enrich our pupils' all-round education and promote the school culture. I would like to take this opportunity to thank parents, grandparents and other family members for your tireless collaboration and support in all these initiatives; you are also an essential part of these initiatives and you can also call yourselves Sagers!

-EARLY YEARS NEWS-

Busy Bees at the Aquarium

This week the *Busy Bees* visited the 'Seville Aquarium' as part of their preparation for Year 1. They had a 'whale' of a time! The Little Saggers loved watching all the different fish, stingrays and **sharks swimming over and around overhead**. They were able to name lots of fish and they even found Nemo and Dory swimming around. Then to round off the day - they were super-independent eating their picnic in the nearby park. The Busy Bees are going to be an amazing Year 1 class!!!

-PRIMARY NEWS-

Year 5 trip to Buenavista

Last week the majority of year 5 children enjoyed 3 days at Buenavista, near Arcos De La Frontera. During the **3 days they experience living on an animal farm.** Cooking chocolate bread and enjoy the heights on a tree zip wire. The camp staff were superb and praised our children for the behaviour throughout the stay. The **night time treasure hunt under the stars** was certainly a new experience for many. I have included some great quotes from the children which really helps to describe the trip.

"I liked the monitors because they were kind and fun. I want to go back!"
Victoria 5G

"I loved cooking and I hope to go back someday."
María Alvarez 5G

"I liked it a lot because there was a pool, lots of animals and fun activities."
Gonzalo 5C

"We were with so many friends so it was a lot of fun. Also, the monitors were very good."
Nerea

- MIDDLE SCHOOL NEWS -

Meet the Shooting Star - Montserrat Moreno

Last week, we got to enjoy our first whole school musical since the pandemic. Thank you for coming to watch and enjoy this incredible experience with us! This week, we caught up with Sage's Montse who played Sandy in our recent school musical, Grease.

Tell us a bit about your journey so far in the theatre...

My first big show was a whole school play in Year 4 (I played Tallulah in Bugsy Malone at Sage under Ms Westwood's direction) and before all of that I of course did small plays and assemblies at school like most people when I was little. I think drama and musical theatre are crucial at schools because it builds character in people, encourages vital team work skills and inspires you to do things you've never really thought of. To me, drama is one of my favourite subjects and it would be nice to be able to take it on later in life, as a hobby or career.

Did you enjoy performing last week?

Yeah, of course! It was such an exciting and unforgettable experience and a pleasure to be able to be a part of such a lovely show. It's kind of like a sugar rush, but without the sugar.

What was the best moment?

I think the best moment of it was, without a doubt, the drive-in scene. It's hilarious and really shows each of the character's personalities and includes one of the best songs in the play, 'Stranded at the Drive-In'.

How did you prepare for playing the part of Sandy?

I prepared by pushing myself to the max and getting used to being on stage again after 2 years, since with COVID-19 we haven't been able to do any big plays. Learning my lines also played a key role in getting the performance down and ready for showtime.

What would you like to see as Sage's next whole school musical?

It would be amazing if next year's musical was Dirty Dancing, it's one of my top favourites and I've always had the thought of performing it after seeing it multiple times online and in theatres.

-HIGH SCHOOL NEWS-

ASSESSMENTS

This week, **our students have continued completing their exams.** This does not only include IGCSE and A level official exams, but also the internal end-of-year assessments. Our students have finished all these internal assessments. Also, **official IGCSE exams have been finished.** In the coming two weeks, we will have the last A level exams, and all our High School students will be enjoying their Summer holidays. We would like to congratulate them for all their work and to give the last push to those still having their last exams.

TRAVELLING TO THE FUTURE

Our Year 13 students continue receiving their university offers for next school year. Moreover, we are currently working with the Year 11 and Year 12 students. Year 11 students need to start to decide their subjects for next year. On the other hand, Year 12 students are being guided to decide their future at university. At the same time, students in both groups are having support workshops to learn how to write proper motivational letters and CV. Having reached this point, it is important to remember **how Sage College curriculum (IGCSE, AS, A level and EvAU), with the flexibility and different routes offered, opens door around the world to the future of our students.**
