BOARDING NEWS

ASSESSMENT WEEK IS OVER!!

Our Secondary students completed their mid-term exam week. After so much hard work, each High School class had a little party to celebrate. We hope your results will be celebratory too.

DON'T FORGET

From 2 November, our students need to wear winter uniform.

MESSAGE FROM OUR SCHOOL HEAD

One of the advantages of being part of the day to day of a school is that we see how our students progress, mature and improve academically thanks to their effort and commitment to learning. This week we finished Assessment Week in Secondary School and our students can be very proud of their efforts as we see that our results are improving year on year. Congratulations to both students and teachers for their hard work!

Last week we had the arrival of the Finnish Junior Golf team (U18) who will accompany us for a month as part of our high performance PAR project. Walking down the school corridors we could hear five or six different languages in, with English as the reference language for everyone, we could hear German, Finnish, Russian, Spanish or Arabic. This is the foundation of our pluralistic and international community, where everyone has a common space that unites us, a home for everyone. We are very proud to be able to recognise that despite the geographical and political distance that currently exists between the nations of the world, at Sage College, in the city of Jerez, there is a place where EVERYONE has a place.

Mr Wickham

Nursery News

The Friendly Frogs discover the wonders of Autumn

The Friendly Frogs are discovering the transformation that is taking place as the seasons change, and **autumn is slowly making its appearance!** The Nursery students are observing the new colours in the landscape, the transition of the leaves on the trees and the products obtained from the harvests of this time of the year, always through exploration and investigation. What an **explosion of colours, flavours, fragrances, sounds and textures for their senses!**

-PRIMARY NEWS-

MYSTERIOUS HAPPENINGS IN YEAR 4

Our Year 4 students become reporters

Year 4 have been **excellent detectives** and now news reporters, as they discover **who has been sneaking into their classroom!**

A couple of weeks ago the mystery began. Year 4 noticed objects going missing from their classroom and then found **small footprints by an open window**. They began investigating, and soon found out that a **sneaky cat called Monty was the culprit!**

They created **WANTED posters** to find the cat's owners, who emailed us to apologize and sent us a video to say that Monty "didn't regret a thing!" so the class helped Ms Peberdy to write a reply and the owners have agreed to keep Monty in at night.

Year 4 turned this investigation into a **news report** and has done a great job at using all the information they have gathered, **using alliteration for their headlines, creating captions for their images and using speech punctuation for their interviews.** Great work, Year 4!

MIDDLE SCHOOL JOURNALISM

The Book of Memories

Students in 8M are learning about journalism in their workshops on Mondays this term.

So far, they have been learning **how to write a feature article** – an article about another person with a focus on something interesting about them.

Each student learned first how to interview someone and find an interesting perspective for their article. Then they interviewed a classmate – usually someone they did not know well – to find out what they could write about.

Many students discovered things about their classmates they never knew. They have written stories about classmates who sail, play football or sing, students who come from other countries or dream of studying at Cambridge University.

All of the entries will be published in an end-of-term journal with pictures and examples of writing from all students in 8M. It will be a small book of memories of their time at Sage College, 100% student-produced, with a little editing help from their English teacher, Mr Jenks.

-HIGH SCHOOL NEWS-

ASSESSMENT

Learning from mistakes

This week, our High School students sat their **October Assessment Week exams**. It is important to see how they are progressing in order to continue helping them. All of them take these exams seriously, and **we would like to congratulate them** on their big effort they made.

REDUCING STRESS

Relaxing for exams

In order to succeed during exams, it is also important to avoid being more stressed than needed. Our Key Stage 5 students had the opportunity to attend a **meditation session with our Head of Primary, Ms. Sawyer**, where they learned how to manage their stress during exam periods. We would like to thank Ms. Sawyer for her time.

INNOVATION

At the forefront of education

Keeping all the methods up to date is a key factor in the success of the learning process of the students. In the past, **a group of Sage College students, led by Mr. Soto, participated in an innovation project in didactic of science**, together with students from other schools and the University of Cádiz. As a result, **a book has been published** with the outcome from the innovation project:

-BOARDING NEWS-

FINNISH(ING) STRONG

A Kitchen, Golf and a Study Week

It has been a wonderful week for Sage Boarding as **we welcomed the TEAM FINLAND junior golfers to Sage**. The team will be spending a month with us and integrating into activities with the boarders. It has been wonderful to hear new languages and accents as Sage Boarding continues to grow into a truly international home.

There was also great excitement at the unveiling of the **Boarders Kitchen**. This is going to be a wonderful place for our boarders to express themselves and continue to cook and share dishes from their cultures. A huge thank you to Mr Wickham for making this dream possible for our boarders.

Finally, as we had test week ahead, we did not have an outing over the weekend. Boarders asked for, and were incredibly productive, in the organized **study sessions on Saturday and Sunday**.

**INTERNATIONAL, very.
EXCELLENCE, in every way.
RESPECT, always.**
