OUR WINNER HOUSE!!

MESSAGE FROM OUR HEAD

Dear Sage College Community,

As we turn the page to a new chapter, I am thrilled to extend a warm welcome to each of you. Reading this end of year Newsletter you will see the accomplishments of end the past year – the academic triumphs, graduations, and the joyous memories of end-of-year trips and special moments. These moments remind us of the strength and unity that define our community. Our school ethos remains unwavering, driven by the values of Respect, Excellence, and Internationalism. These values are not just principles; they are the bedrock upon which our community stands. As we embark on this new year, let's carry these values in our hearts and actions, nurturing an inclusive and compassionate environment where everyone can thrive. Challenges will inevitably arise, but challenges are catalysts for growth. In facing them together, we build resilience and forge stronger bonds within our community. Let's continue to support each other, practicing empathy and understanding every step of the way.

Exciting prospects await us this year. Our brand-new sports complex stands as a testament to our commitment to holistic education. It will be a space for physical development, teamwork, and the forging of lasting memories.

This year also introduces us to new faces – teachers and classmates who will enrich our learning journey. Embrace the opportunity to broaden your horizons through diverse perspectives and experiences. You'll also notice numerous enhancements across our campus, all aimed at creating an even more conducive environment for learning and growth.

As I look ahead to the upcoming year, I am filled with excitement and anticipation. The promise of progress, exploration, and shared accomplishments is invigorating. I hope each of you shares in this enthusiasm.

In conclusion, let's embark on this journey united by our values and the spirit of community. Together, we shall make this year one to remember, characterised by growth, camaraderie, and shared success.

Mr. Wickham

Ms Martín, Ms Mateo and Mr Dormer spent one week with **Year 7 students exploring London and putting their English skills into practice.** London is so vast that visiting for only a week is not near enough to see the whole city; they did manage to get quite a few of the famous landmarks ticked off the list in a jam-packed week. Students thoroughly enjoyed their week away with the teachers, acquiring life skills that you can't get from the classroom. It also looks like they managed to find a good fish and chips whilst on their travels!
