SAGE INTERNATIONAL ACADEMY'S PHILOSOPHY

The **philosophy of Sage Football Academy** follows the values of respect, international, and excellence from Sage College. The academy seeks to develop players with a strong competitive spirit and the determination needed to reach their full potential, always respecting themselves, their teammates, and the game.

Training sessions are designed to challenge and inspire. Players compete through our Andalusian Federated Club: Sage International FC, taking part in matches against top regional teams. Team sessions focus on tactical awareness and collective performance, while small group sessions are tailored to each player's Individual Development Plan (IDP), ensuring personal growth within a professional football environment.

FOOTBALL ACADEMY DIRECTOR ALEX MCCARTHY

“We are proud and excited to welcome you to Jerez, and our **World Class football programme** offering everything that you need to achieve your goals. With the experience across our staff, the quality of the facilities and the competition environment; we are incredibly well positioned to help take your game to the next level, whether you are looking to go into full time football, a US scholarship or simply to improve your level.”

FOOTBALL PITCH AND TRAINING FACILITIES

The football facilities at Sage College are designed to support **high-performance training** in a **professional and inspiring environment**. The campus features a **state-of-the-art full-size artificial turf pitch**, equipped with **floodlights for evening sessions** and maintained to the highest standards year-round. Players also benefit from access to **changing rooms, swimming pool, meeting spaces for video analysis and tactical briefings**, and an **on-site gym** for strength and conditioning. These facilities not only **enhance daily training quality** but also reflect the academy's **commitment to excellence, player development, and long-term performance**.

At SAGE PAR Football, we're proud to collaborate with top-level organisations to enrich our players' development. Our strongest partnership is with the historic **Sevilla FC**, which brings immense value through shared knowledge, access to **expert coaching from Sevilla's academy, regular friendly matches, and pathways for our most talented players**. We also work with Cádiz CF, primarily through **friendly fixtures and trial opportunities** that give our players a taste of professional environments. Additionally, through our collaboration with TPJ Goalkeeping, our goalkeepers benefit from **elite, position-specific training tailored to the demands of the modern game**.

TESTIMONIALS

Ethan S.

Year 11, England

Being part of the PAR Programme at Sage College has been a game-changer for me. It's not just about football – but it is helping me to grow as a person, staying disciplined and pushing myself every day, both on the pitch and in the classroom. The coaching is top quality, and having access to daily training while continuing my studies has helped me improve massively. I've become smarter and more confident in my game.

I would recommend it to anyone who looking for somewhere to balance football and education.

The PAR Programme is more than just training – it's a lifestyle. Every day I wake up excited to improve, whether it's in the gym, in class or on the pitch.

I've learnt so much about discipline, teamwork and resilience. The coaches are always pushing us to be better, but they also listen and care.

I've grown a lot since joining Sage College. I'm not only a better footballer – but i am becoming a better person.

FOOTBALL SCHOLARSHIPS IN THE US

Pursuing a university career in the United States is the only option to combine sport with university studies at the highest level. One of the most important factors when deciding to study in the United States is the possibility of obtaining sports and academic scholarships to help cover the expenses of these studies. The United States university system is the only system in the world that provides such a large number of athletic scholarships. These athletic scholarships can be as high as \$60,000 annually.

ATHLETIC SCHOLARSHIPS

The athletic scholarships awarded by each university are regulated by the university division as there is a maximum amount allowed to be distributed to each sports team. Coaches have access to this budget and decide the amount of scholarship to be allocated to each team member. The athletic amount is decided on the following:

- **Player's sports level**
- **Results in tournaments and competitions, national and international ranking**
- **Grades in exams**
- **Level of the chosen university team**
- **Budget of the university team**

US University Scholarship requirements

ACADEMIC REQUIREMENTS

- Be over 16 years old.
- Achieve a grade C or above in at least 5 GCSE's including English, Mathematics, and one social studies subject (for example, history, geography...)
- 3 A-Level subjects
- Do not take more than one year out of education before you enrol in college in the USA
- Achieve a minimum SAT score of 860 (Reading and Maths)

ATHLETIC REQUIREMENTS

- Be active in training and frequent competitions.
- Good level in the sport you practice.
- Never sign a professional contract or receive any money from your sport (prize money, sponsorship money...)

At Sage College, we analyse each student-athlete individually to make sure they meet the necessary requirements to be able to compete in the USA. We then determine what the best options are for each athlete. To qualify for an athletic scholarship in the United States, requirements must be met.
