OUR EXPERIENCE HUGO MUÑOZ SUCCESS STORY

Hugo Muñoz is a **stellar example of a high-performance student-athlete** from Spain, who excelled academically through the IGCSE and A-Level programs at Sage College while competing at the highest level in the Spanish tennis championships. His exceptional abilities on the court earned him a **full scholarship to Adelphi University in the US**, where he continued to shine as a tennis player.

We are immensely proud of Hugo's achievements and hold him up as a model for other student-athletes. His journey exemplifies the blend of academic and athletic excellence coupled with strong values that we encourage in all our athletes.

TENNIS SCHOLARSHIPS IN THE US

Pursuing a university career in the United States is the only option to combine sport with university studies at the highest level. One of the most important factors when deciding to study in the United States is the possibility of obtaining sports and academic scholarships to help cover the expenses of these studies. The United States university system is the only system in the world that provides such a large number of athletic scholarships. These athletic scholarships can be as high as \$60,000 annually.

ATHLETIC SCHOLARSHIPS

The athletic scholarships awarded by each university are regulated by the university division as there is a maximum amount allowed to be distributed to each sports team. Coaches have access to this budget and decide the amount of scholarship to be allocated to each team member. The athletic amount is decided on the following:

- **Player's sports level**
- **Results in tournaments and competitions, national and international ranking**
- **Grades in exams**
- **Level of the chosen university team**
- **Budget of the university team**

US University Scholarship requirements

ACADEMIC REQUIREMENTS

- Be over 16 years old.
- Achieve a grade C or above in at least 5 GCSE's including English, Mathematics, and one social studies subject (for example, history, geography...)
- 3 A-Level subjects
- Do not take more than one year out of education before you enrol in college in the USA
- Achieve a minimum SAT score of 860 (Reading and Maths)

ATHLETIC REQUIREMENTS

- Be active in training and frequent competitions.
- Good level in the sport you practice.
- Never sign a professional contract or receive any money from your sport (prize money, sponsorship money...)

At Sage College, we analyse each student-athlete individually to make sure they meet the necessary requirements to be able to compete in the USA. We then determine what the best options are for each athlete. To qualify for an athletic scholarship in the United States, requirements must be met.
