SAGE INTERNATIONAL ACADEMY´S PHILOSOPHY

The **philosophy of Sage Golf Academy** is focused on integrating the **values of respect, internationalisation, and excellence from Sage College**. This academy aims to equip athletes with the competitive spirit and the necessary sacrifice to reach the highest standards, while maintaining respect for themselves, their opponents, and the game. Additionally, it seeks to provide tools that shape the young people as complete individuals, prepared to face the modern world.

The Academy is particularly ambitious and has been designed to offer young Golf players, both Spanish and international, an unprecedented platform to compete in a professional environment.

SCORE CARD

Sherry Golf Course, located just 10 minutes from the Sage College Campus, is a premier golf facility designed by Stirling & Martin (Global Golf Company). It is an accessible course for amateurs while providing a demanding challenge for professionals.

The course is one of the longest in Spain, featuring:

- **18-hole course: 6,572 meters, Par 72**
- **9-hole course (Par 3): 911 meters**

Sherry Golf follows the modern design concepts of American courses—safe for play, with engaging movement and strategic interest, without strong slopes that make the game overly strenuous. Its wide fairways and expansive greens give Sherry Golf the status of a luxury course, perfect for high-performance training.

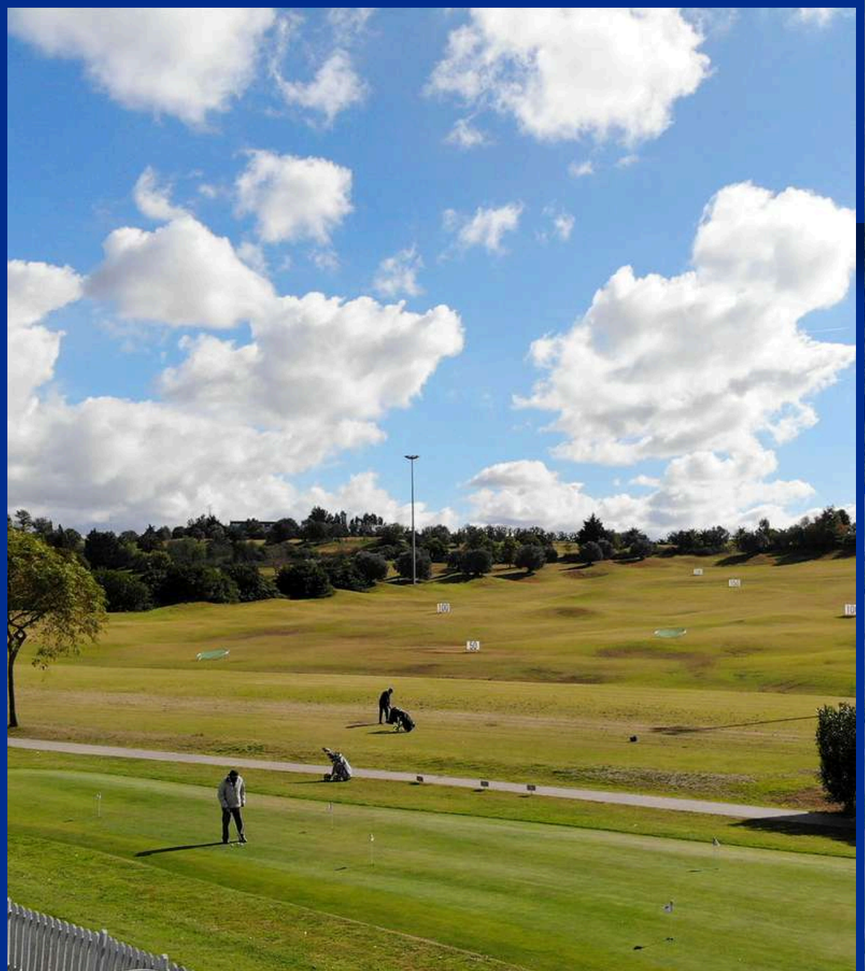

The facility also includes a state-of-the-art practice area, a modern and spacious gym, a clubhouse with a restaurant open all day, an indoor recovery pool, and green areas, creating the perfect environment for elite golf training.

Additionally, within the Sage College Campus, players have access to an athletics track, a cutting-edge gym tailored for elite athletes, and a recovery pool. These facilities provide a comprehensive training program, covering strength, endurance, and muscle recovery, ensuring golfers reach their highest potential.

TESTIMONIALS

Aimé

Year 11, France

Joining the golf programme at Sage has been a game-changer for me. The coaching is high-level, and being surrounded by other motivated athletes really pushes me to improve. Choosing the High School Diploma option was also a big part of my decision — it gives me the flexibility to train seriously and compete, without compromising my education. I'm able to focus on my development as a golfer while staying on track academically and preparing for university in the future.

Mark

Year 11, Hungary

Becoming part of the golf programme at Sage marked an important step in my sporting journey. The combination of professional coaching and a demanding, competitive environment has helped me refine my skills and raise my performance standards on a daily basis. Having previously competed as a member of the Hungarian national team, I arrived with solid experience, and Sage has provided the ideal framework to continue progressing within a structured, high-performance setting.
Choosing the High School Diploma option was a strategic decision, as it allows me to balance intensive training and competition while remaining fully committed to my academic development and long-term university goals.

GOLF SCHOLARSHIPS IN THE US

Pursuing a university career in the United States is the only option to combine sport with university studies at the highest level. One of the most important factors when deciding to study in the United States is the possibility of obtaining sports and academic scholarships to help cover the expenses of these studies. The United States university system is the only system in the world that provides such a large number of athletic scholarships. These athletic scholarships can be as high as $60,000 annually.

ATHLETIC SCHOLARSHIPS

The athletic scholarships awarded by each university are regulated by the university division as there is a maximum amount allowed to be distributed to each sports team. Coaches have access to this budget and decide the amount of scholarship to be allocated to each team member. The athletic amount is decided on the following:

- **Player's sports level**
- **Results in tournaments and competitions, national and international ranking**
- **Grades in exams**
- **Level of the chosen university team**
- **Budget of the university team**

GOLF
SCHOLARSHIPS IN THE US

SAGE INTERNATIONAL
GOLF ACADEMY

US University Scholarship requirements

ACADEMIC REQUIREMENTS

- Be over 16 years old.
- Achieve a grade C or above in at least 5 GCSE's including English, Mathematics, and one social studies subject (for example, history, geography…)
- 3 A-Level subjects
- Do not take more than one year out of education before you enrol in college in the USA
- Achieve a minimum SAT score of 860 (Reading and Maths)

ATHLETIC REQUIREMENTS

- Be active in training and frequent competitions.
- Good level in the sport you practice.
- Never sign a professional contract or receive any money from your sport (prize money, sponsorship money…)

At Sage College, we analyse each student-athlete individually to make sure they meet the necessary requirements to be able to compete in the USA. We then determine what the best options are for each athlete. To qualify for an athletic scholarship in the United States, requirements must be met.
